APPOINTMENT AGREEMENT

While visiting our team at Cornerstone Dental, recommended treatment is often of an urgent nature. The sooner we can diagnose and treat dental disease, the better it will be for your oral health. In addition, we understand that at times dental emergencies may arise that require immediate attention. Whatever your needs may be, we promise we will do our best to see you as soon as possible.

Trying to accommodate every patient's individual needs can be difficult. A scheduled appointment is a commitment of time between each of us. When appointments are cancelled, time that was reserved will be permanently lost. Cancelled appointments make it very difficult to provide timely service to our patients.

We request that when an appointment is made, that you make every effort to keep that commitment. Should a conflict arise, please provide us with two business days' notice to avoid a cancellation fee. We know that as our patients keep this commitment, we are better able to provide for their dental needs.
